## Quality, Innovation and Service since 1987

GardTec offers a unique combination of market leadership, product knowledge, and unending product innovation, resulting in superior customer satisfaction.

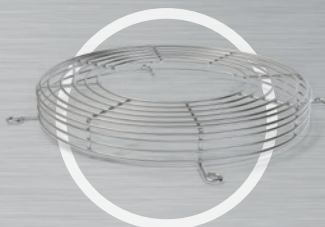

At GardTec, our culture is one of drive and motivation, to create the best custom wire form products in the food processing equipment market. Comprehensive expertise is critical in achieving the highest quality, most innovative custom wire form products for our customers' success.

We offer custom wire form products manufactured using stainless steel, cold rolled steel and other raw materials, including an unlimited number of finishes, demonstrating our commitment to technological innovation that is aligned with our customers' needs.

- **Design/Engineering Services**
- **24-Hour Quote Turnaround**
- **4-Week No Charge Samples**
- **No-Cost Production Tooling**
- **Numerous Finishes Available**
- **RoHS/REACH Compliant**

Blending U.S. design/engineering, inventory management with automated Asian manufacturing.

Maximum heat transfer, providing uniformity of precise airflow, eliminating cold/hot pockets for maximum temperature control.

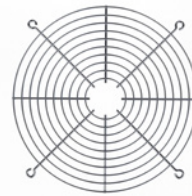

### Stamp/Laser Guards

Stamper/laser guards reduce airflow passage and distribution **40-55%**, while creating uneven airflow patterns.

### GardTec Wire Form Guards

Wire form guards create airflow passage/ distribution by allowing **95%+** positive air movement.

- Superior airflow
- Cooler
- Easier cleaning
- Safer (no sharp edges)
- More material/color choices

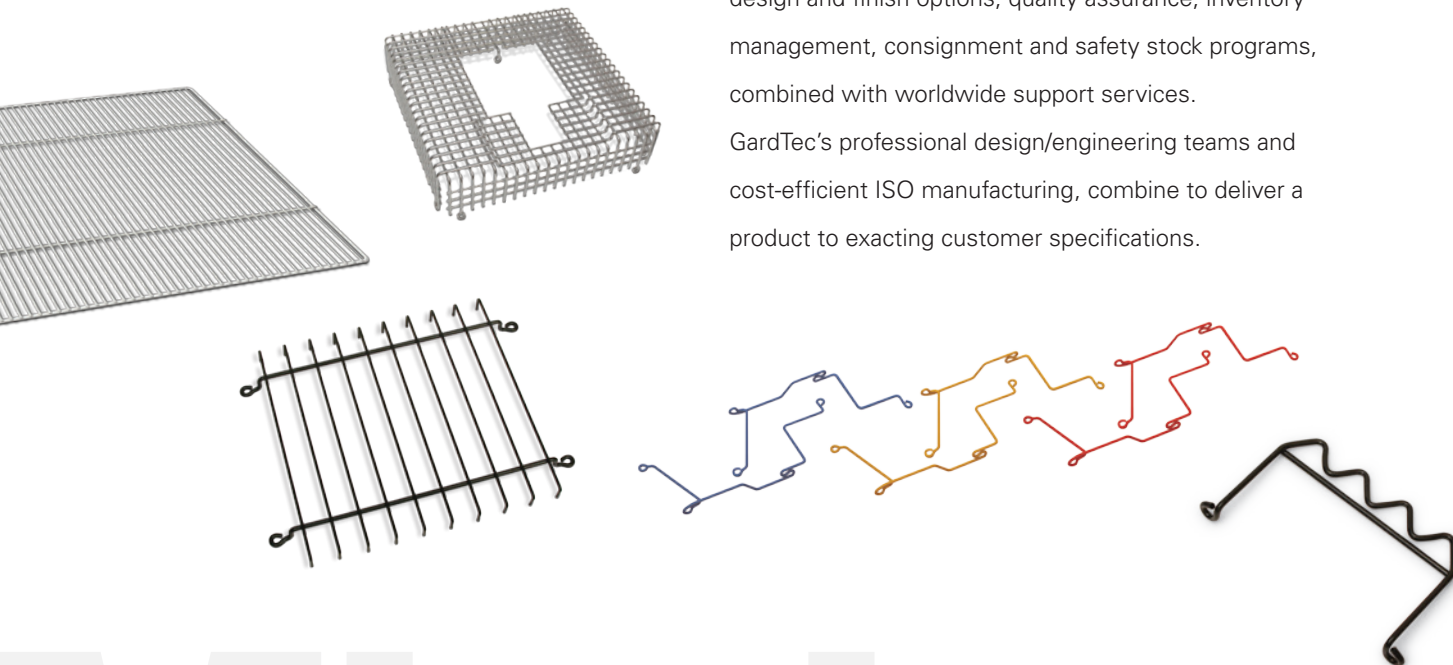

# Airflow

# Custom

## Custom design, unlimited color choices

We are committed to provide custom wire forms manufactured in world class facilities, numerous design and finish options, quality assurance, inventory management, consignment and safety stock programs, combined with worldwide support services.

GardTec's professional design/engineering teams and cost-efficient ISO manufacturing, combine to deliver a product to exacting customer specifications.

# Mission

To be extraordinary in our effort, performance and most importantly, in how we handle our customers.
